## **Blocks**

#### Block Title

You can also highlight sections of your presentation in a block, with it's own title

#### Theorem

There are separate environments for theorems, examples, definitions and proofs.

#### Example

Here is an example of an example block.

## Summary

- The first main message of your talk in one or two lines.
- The second main message of your talk in one or two lines.
- Perhaps a third message, but not more than that.
- Outlook
  - Something you haven't solved.
  - Something else you haven't solved.
